Thank You For Your
Support And Prayers!

Friends and Partners,

We Christians have so much to be thankful for! Of course we are thankful to have the knowledge of being able to one day, spend eternity with our Lord and Savior, but we also need to be thankful for the many blessings our Lord pours on us everyday. With the Holy Spirit living within us, we have rights and privileges as sons and daughters of the almighty God (our Father) that non-Christians do not have. We have been set apart from the rest of this world.

I believe we can walk in the supernatural if our hearts have been prepared and minds renewed. Our spirit must come into submission to our Holy Father and know His Will. We must be sensitive to people, places and things around us. As we communicate with our Lord through truth and spirit, we will be able to sense the enemy that is around us. For all that is with us is not of God! Satan wishes to stop what our Lord has started in us, but with the power of the Word of knowledge and the outpouring of the Holy Ghost, this will be the year of separation.

Things are changing. The Kingdom of Heaven is at hand! We are living in the end times!

End Times = People Will Become Cold, Insensitive and Calloused

Matthew 24:11-12, "And many false prophets shall rise, and shall deceive many. And because iniquity shall abound, the love of many shall wax cold." Although Matthew chapter 24 deals primarily with the 7-year Tribulation Period, we are already witnessing these events in society today. The Greek word for "iniquity" doesn't mean sin; it means, "injustice, i.e., unpunished sin." Jesus said that the love of many would wax cold because of injustices like many power-hungry companies and our own government. There is much injustice in our legal system these days and people are getting tired and frustrated.

End Times = Increased Hatred of Christians

John 16:2 (NKJV) says, ²They will put you out of the synagogues; yes, the time is coming that whoever kills you will think that he offers God service. There is much anti-Christian, anti-patriotic and anti-masculine authority in the home propaganda being used nowadays to brainwash our youth. Anti-hate speech laws are being introduced by liberal lawmakers and are being approved little-by-little by godless judges until their accomplishments are mounting significantly against what's left of decent people in America today. Just as Islamic Muslims who follow closely to the core teachings of the unholy Qur'an, so are staunch Bible-believing Christians today being wrongfully labeled as "extremists."

End Times = Increasing Wickedness

America has turned her back against God, praising vile homosexuals and teaching innocent children that it's ok to kill babies, to be gay or worship satan himself. These vile sins will destroy this nation from within. We've even nicknamed one of our most popular cities, "SIN CITY," mocking the holy God of the Bible. The Bible tells us that the LAST DAYS will be a time of woeful wickedness, when people will become selfish, self-centered and self-righteous. The majority of people these days have become sinfully proud, disobedient, unholy, unthankful, high-minded, especially today's youth who are void of genuine Biblical faith and knowledge of Christ. Satan has been working relentlessly through demonic music to influence the past few generations.

It is time for a great revival! Rejoice and be glad for victory is for everyone who has received salvation (God's free gift of life and blessings). God is anointing us and giving us power to overcome and to do great things in His Name. Remember, satan is trying to divide us as God is trying to unite us as one. If you are a believer, now is the time to get to work for the Lord! May we all recognize the crisis of the hour and dedicate ourselves to being all God wants us to be.

Now is the time, not tomorrow. Every day, people are dying and going to Hell without knowing Christ. The forces of evil are growing stronger and working harder to stop us from reaching the lost of this world. There is a tremendous need for believers everywhere to wake up from their slumber, to recognize the seriousness and the lateness of the hour and to get busy serving the Lord with all of their might.

In the Presence of our Lord,

Ron Willis

According to the Centers for Disease Control and Prevention (an official U.S. government web site) it states that Americans suffer 1.5 million heart attacks and strokes each year. Cardiovascular disease, including heart disease and stroke, is the leading cause of death in the United States. Every day, 2,200 people die from cardiovascular diseases. That's nearly 800,000 Americans each year, or 1 in every 3 deaths.

About 525,000 of these are first time or new heart attacks. About 210,000 people who have survived a heart attack go on to have another. Nearly 8 million people in the United States (almost 4%) have had a heart attack. Every 43 seconds someone in the United States has a heart attack.

When I was 27, I had two heart attacks. One when I had just gotten a haircut and the other after having a stress test in my doctor's office. After spending four days in the hospital and having a multitude of tests run I was told to reduce the stress in my life.

In December last year while running on the beach I had my third heart attack. I knew what it was, because I had experienced the same effects before. I immediately walked to the truck and took some aspirin. After resting for awhile, I started feeling much better. After calling my doctor, it was suggested that I call a cardiologist. We will call him Doctor V. After trying to get in to see him for several weeks, I finally got an appointment with him. He immediately started running me through a complex group of tests. Upon getting all the tests back, even though most of the tests were done in his office, he sent me to a cardiac surgeon. We will call him Doctor BH.

Upon seeing Doctor BH, I was told that I needed surgery to replace my heart valve, but before he would do the surgery he needed another test called a cardiac catheterization test that Doctor V would do. The next thing I knew, Doctor BH's office called me with a date that I was to have surgery. I asked them if he no longer wanted the cardiac catheterization test done. They said that they would check with him and get back to me. A few days later his office called again asking where I was. They had me down for surgery that morning. I explained the situation and they said they would get back to me. A week later another heart group called me telling me that they were waiting on me for a cardiac catheterization test. I asked who set it up and they told me that it was the Dr. BH group. After calling for a week to talk to Dr. BH to no avail, I decided I did not want Doctor BH to do surgery on me.

Upon talking to a lot of people about my situation including Dr. V, I went to see a heart surgeon in Orlando, Florida. I will call him Dr. KA. He informed me that instead of replacing the valve, he would install a sleeve on the outside of the valve and that would fix everything. After hearing the good news I went over to the hospital where I was to have the surgery, Florida Hospital. After walking around the facility a stranger came up to me asking if I needed any help. Upon telling him of my situation he asked if he could pray for me. I was amazed how God turned things around. I drove home on cloud nine thanking God for all He was doing for me.

I had so many people praying for me. I had people coming out of the woodwork wanting to help me. I even had a wonderful couple that set things up so that they would be with me during the surgery and then, upon my release, they would take me home with them and take care of me. Even though they are vegetarians, they went out and bought large amounts of meat to feed me while I was recovering.

Then the pain started! It would come and go during the night and day. I knew I needed the surgery sooner than later, so I called to see if I could get the surgery done now. The answer was "no!" The Dr. was out of town on vacation. I asked his staff "what am I to do?" They said to go to the ER and tell them what Dr. KA had said. I did not want anyone other than Dr. KA to do the surgery, but the pain kept coming back.

As I prayed for an answer to my situation, I heard God say "Its not the Dr. that you need to put your trust in. Put your trust in Me!" So I said, "Lord, I do trust you. I know that you sent your Son, Jesus Christ, to die for my sins and by His stripes I am healed, so on Jesus's name I stand on Your Word that by His stripes we are healed," and from that time on I have not had any pain of any kind. I called Dr. KA and canceled the surgery. I called everyone and told them what had happened and I can say I have had mixed views. Some of the people think I am crazy, some think I am too scared to have the surgery and even others are waiting for the time when they can say, "I told you so."

Many have stopped supporting Love And Compassion Ministries, because I have not had the surgery. I pray for them, asking God to help them have faith in Him, not man.

LIFE IS SHORT!

Life is short! We are here today and gone tomorrow. *James 4:13-14 in the American Standard Bible says, ¹³ Come now, ye that say, Today or tomorrow we will go into this city, and spend a year there, and trade, and get gain: ¹⁴ whereas ye know not what shall be on the morrow. What is your life? For ye are a vapor, that appeareth for a little time, and then vanisheth away.*

As the Bible says, "time is short." We need to be busy at our Father's business. We need to spend more time with God rather than serving God. You know, I miss the days when people pulled together to correct a problem! Today many rely on government to do it all. I can remember when Churches helped the sick, alcoholics, battered women, unemployed and hungry people of their area. What happened?

It is good to be able to reminisce about days gone by, but since we are only on this earth for a short time, we need to use the time God has given us to make a difference in others. We all know that life will never be as it was before computers, microwaves, and fast food, but we can do something about satan's hold on our children and grandchildren's lives. Every day innocent lives of unborn babies are being snuffed out. Sounds and pictures fill our children's minds with music of rape, murder, same sex marriages, adultery and satan worship. Drugs have overtaken our country and we have legalized gambling in almost all the states. Christians have been silent for too long!

The future of our next generation and this country is in our hands and yet we have become slack. We are floating along with the tide of least resistance. We have become too much of the world! It is time to drop to the floor, cry out to God, and pray for the lost as we have never done before! It is time to ask God for forgiveness, direction, and wisdom. The Word of God has to be acted upon. If we are hearers only, we can never expect to receive the strength of faith necessary to move mountains. Have our hearts become hardened? Has satan put so much doubt in our hearts that we can no longer believe?

Today, I hereby recommit my life to doing all I can to take what our Lord has given me, including time, to reach out to the lost and suffering of this world through Love And Compassion Ministries. Please join me as God directs this ministry in His ways! May God always receive the glory and honor as we minister to all generations.

This young man can grow up to be almost anything he wants to be. My question is, who and what will impact and influence his future behavior and motivations?

The Decision is Yours!

Love And Compassion Ministries, Inc. was started as a jail / prison ministry. I have always thought inmates would be the ones that would be used by our Lord to start a great revival in this country. Yes, satan has used drugs, alcohol, hate, no job, bitterness, pain and so much more to destroy these inmates, but I believe many of these criminals have such a calling on their lives and the real reason they are in the situation they are in is because they continued to tell God NO, when He put it on their hearts to serve Him. God has retained them in a place where He can say “sit down, shut up and listen to Me.”

Once God has their attention, He can communicate His desires to them. They have lost the power and control over what they are going to eat, how they will dress, where they will go, how they are going to get the money to pay the drug dealer and so many other decisions, because the government has taken all that away from them. They no longer have the influence of the world on them. There are no girlfriends, no buddies or family to answer to. It is time to seek God.

Many inmates come to know Christ as their Savior because of a jail / prison experience. I have had so many mothers call me, thanking God that their son or daughter was in Jail. They stop worrying about them being out on the street doing drugs or worse.

The other day I was telling Chaplain Stout my thoughts about this same idea, when he started telling me about a book written by **Katie Souza** called **The Key To Your Expected End**. It is about Prison Stories. Katie Souza and many others like me believe that God will soon raise up a Kingdom Army from inside the walls of prisons and jails that will take the world for Christ.

I Corinthians 1:27 But God has chosen the foolish things of the world to put to shame the wise, and God has chosen the weak things of the world to put to shame the things which are mighty;

May we never forget the people within our jail / prison system.
Matthew 25:31-46

If Christians don't care, who will? We have thousands that need a safe place to live, be given the opportunity to develop self-sufficiency, including educational opportunities and a trade.

WHY PEOPLE SUPPORT LOVE AND COMPASSION MINISTRIES

I support Love and Compassion Ministries because I think it is important to help out people in need. We need to be the example of compassion and joy that Jesus has taught us in order to lift up all humanity. Through Jesus's example of helping those in need we can make the entire world a better place.

I have felt drawn to help Love And Compassion Ministries for many years. I continue to be amazed of how the needs of the community are met. My husband and I have personally received the benefits of this ministry. Please open up your heart and send donations to this ministry.

Portia W.

I believe in God and the work LCM does in His name. We, as Christians, should show our faith, not just talk it. God has blessed me. I want God's share to go where it is used for His Will. Jesus said to love thy neighbor. If we do, we want to share with all the message of salvation. With that, many problems can be solved best. To keep an office operating for those in need, there are bills to be paid. A place to work is necessary. Fighting Satan here is just as much needed as in the foreign fields where idols are worshiped, because they know not the true living God who loves them. With my lack of knowledge and physical strength, my support can help those who can do the job.

We are a ministry of hope because Jesus Christ is in everything we do!

Hello God

Hello God, are You there?
 I was told that You really care
 True love I have never known
 I've always felt that I was alone
 Hello God, are You there?
 If so, please answer my prayer
 My heart aches as if pierced with a knife
 Is loneliness all there is to life?
 All my nights are filled with tears
 All my days are filled with fears
 Hello God, are You there?
 Is it true that all my burdens You will share?
 Can it be that You are the reason why
 That when I should have, I did not die
 When the Bible I began to read
 For You I felt the need
 Now life's troubles I can bear
 Because I know... Yes, God You are there!

The Prayer of Jabez

And Jabez called on the God of Israel saying, "Oh that you would bless me indeed, and enlarge my territory, that your hand would be with me, and that you would keep me from evil, that I may not cause pain!" So God granted him what he requested.

I Chronicles 4:10

First, Jabez asks God to bless him. Second, he asks God to enlarge his territory or increase his responsibility. Third, he prays that God will be with him and stay close. Lastly, Jabez asks that God keep him from harm so that he will be free from pain.
